## Artist

printmaking ■ painting ■ jewel

I have always been sought through art a way to express my thoughts and feelings. The need of communication and also the way I interpret the world make their way through painting, printmaking, designing and any other form of art. At the same time, art in general contributed a great deal to my emotional emancipation and critical thinking.

### Athens School of Fine Arts

Painting & Printmaking

09.2010 – 2018

**Thesis** | “The arc of memories” | 21-23.09.2016

**Special courses:** wood carving, night models' painting, graphic arts & bookbinding
